

# BATTERY STORAGE CASE (User Manual)

Model: B\_CASE-319

## INTENDED USE

This battery case is designed for safe, neat and portable storage of different types of batteries, allowing users to manage the batteries in stock. With removable sponges and a large compartment, it allows users to flexibly organize battery storage. The solid and durable case, which is water/scratch-resistant and shockproof, minimizes the danger and loss caused by a battery explosion should it happen. Its wide application therefore includes but not limits to households, garages and product testing laboratories.

## SPECIFICATIONS

Outer material	1680D Oxford fabric
Compartment material	Velvet and mesh
Storage mould material	Ethylene-vinyl acetate (EVA)
Dimension (L*W*H)	29cm* 22cm* 6cm
